

# HISTORY *Colorado*

History Colorado is a 501(C)(3) and a Colorado State Agency, and we do not have balance sheets due to our inclusion in the statewide audit. The balance sheet would be split between the State Agency work (Office of Archaeology and Historic Preservation and the State Historical Fund) and our 501(c)(3) History Colorado Museum. We provide state benefits to rural communities through state funding and limited gaming funds. In the state audit there is not a balance sheet and History Colorado is not listed separately.

A link to the statewide audit can be found here:
