

HISTORY *Colorado*

990 EXEMPTION

From its inception in 1879, History Colorado (State Historical Society of Colorado) has been a non-profit corporation established under various versions of the State's non-profit corporation laws, most recently under the Colorado Revised Nonprofit Act, CRS 7-121-101 et seq. In addition, History Colorado qualifies as a 501 (c)(3) non-profit entity under federal tax law, because it is an educational institution of the state. This status provides a tax deduction to donors to History Colorado and assists History Colorado to meet its fundraising goals.

As a state agency with a 501 (c)(3) filing, History Colorado is exempt from filing a 990 form.
